

Moberly School District

Inclement Weather Information

When considering school cancellations, the safety of all students in the district is the first consideration. School district personnel drive bus routes to check local conditions firsthand. District personnel then hold conversations with the bus transportation company to gain their perspective. Again, safety is always our top priority. We also consider whether conditions will be changing throughout the day.

In the event of a school cancellation, notice will be provided as soon as a decision is made. Local radio and television stations ([KOMU](#), [KRCG](#) & [KMIZ](#)) will be notified and a notice will be posted on the school district's web page, [Facebook](#), and [Twitter \(@MoberlyDistrict\)](#). Notification will be sent via [TextCaster Spartan Alerts](#) as well.

Early Dismissal: An early dismissal will be used when conditions are expected to get worse throughout the day. This option will be used sparingly and avoided whenever possible. If early dismissal becomes necessary, the district will announce and post dismissal times. The standard early dismissal schedule will be used when possible. To find the early dismissal times, please check the [Building Schedules](#) document.

- Local news media

Late Start: A late start option will also be used sparingly and in cases in which conditions are expected to improve fairly quickly in the morning. If late start is utilized, the district will announce the length of the delay. For example, if there will be a 2 hour late start, you would add 2 hours to the typical school start time. In the example of a 2 hour late start, if your child has a 7:30 bus stop time, the new bus stop time would be 9:30. The standard late start schedule will be used when possible.

Snow Routes: The district will utilize Snow Routes in circumstances when most of our roads are safe, but a few of our rural roads are unpassable. Snow Routes change the bus stop for our families that live on certain rural routes. If you live on a rural route and your stop is affected, the bus transportation company has provided you an individual letter. All other stops will remain consistent.
