September 3, 2020

Dear Parents and Guardians,

The District received information of a new confirmed case of Coronavirus Disease 2019 (COVID-19) in an elementary student at Moberly School District. Cleaning and disinfecting of the exposed location have been completed, and the individual is in quarantine and being monitored. The District and Randolph County Health Department are conducting contact investigations and notifying those who may have been in close proximity or contact with the individual.

We realize that during these unprecedented times we will continue to have to work through these situations. It is important to react quickly and responsibly so that we can minimize the contact for student and staff safety. With this being our second confirmed case this week we want to continue to urge you to take the necessary precautions.

The most important things you can do:

- **Keep your child home if they are sick.**
- Make sure your child is wearing a mask.
- Make sure your child is washing their hands.
- Call your primary care provider if you or your child have symptoms of COVID-19.

Please note that sharing any information, including the name(s) of the individual(s) impacted regarding any Public Health investigation is confidential in order to protect patient privacy.

For additional questions about COVID-19, please visit the Randolph County Health Department website: <https://randolphcountyhealth.org/>

Sincerely,

Timothy J. Roling, Ed.D.
Superintendent
